

## PECB Certified IATF 16949 Foundation

Become acquainted with the best practices of Automotive Quality Management Systems (AQMS) based on IATF 16949

### Why should you attend?

IATF 16949 Foundation training enables you to learn the basic elements to implement and manage an Automotive Quality Management System (AQMS) as specified in IATF 16949. During this training course, you will be able to understand the different modules of an AQMS, including AQMS policy, procedures, performance measurements, management commitment, internal audit, management review and continual improvement.

After completing this course, you can sit for the exam and apply for the “PECB Certified IATF 16949 Foundation” credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.

<p><b>Who should attend?</b></p> <ul style="list-style-type: none"> <li>➤ Individuals involved in Automotive Quality Management</li> <li>➤ Individuals seeking to gain knowledge about the main processes of Automotive Quality Management Systems (AQMS)</li> <li>➤ Individuals interested to pursue a career in Automotive Quality Management</li> </ul>	<p><b>Learning objectives</b></p> <ul style="list-style-type: none"> <li>➤ Understand the elements and operations of an Automotive Quality Management System (AQMS)</li> <li>➤ Acknowledge the correlation between IATF 16949 and other standards and regulatory frameworks</li> <li>➤ Understand the approaches, methods and techniques used for the implementation and management of an AQMS</li> </ul>
<p><b>Course agenda</b> <span style="float: right;">DURATION: 2 DAYS</span></p> <ul style="list-style-type: none"> <li>➤ Day 1: Introduction to Automotive Quality Management System (AQMS) concepts as required by IATF 16949</li> <li>➤ Day 2: Automotive Quality Management System (AQMS) requirements and Certification Exam</li> </ul>	<p><b>Prerequisites</b></p> <ul style="list-style-type: none"> <li>➤ None</li> </ul>
