

ISO 45001 OCCUPATIONAL HEALTH AND SAFETY MANAGEMENT SYSTEMS CERTIFICATION

ISO 45001 certification is a professional certification that boost organization's reputation by demonstrating that they hold a certified Occupational Health and Safety Management System. An effective Occupational Health and Safety Management System promotes a safe and healthy working environment, by providing a framework that allows your organization to identify and control its OHSMS, and improve the overall performance.

Implementing the ISO 45001 with the world's known independent third party such as PECB can help your company demonstrate commitment in maintaining an effective Occupational Health and Safety Management Systems.

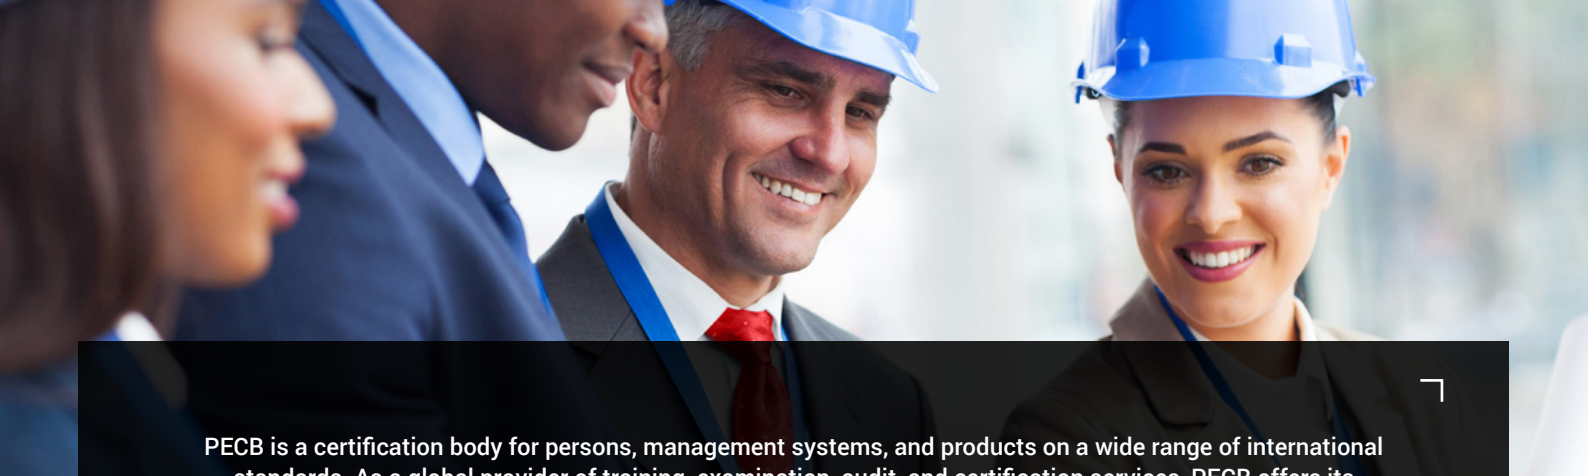

ISO 45001 certification (also known as “registration”), is a third-party audit performed by a certification body such as PECB who, upon verification that an organization is in compliance with the requirements of ISO 45001, will issue an ISO 45001 certificate. This certification is then maintained through regularly scheduled annual surveillance audits by the registrar, with re-certification performed on a triennial basis.

Benefits of ISO 45001 certification to your organization:

- Eliminates or minimizes risk to employees
- Contributes in a healthier and safer working environment
- Demonstrates confidence in your organization
- Reduces downtime risks through on-site accidents
- Ensures legislative and regulatory compliance
- Reduces the likelihood of prosecutions and fines
- Greater involvement in environmental safety from employees
- Increases stakeholder confidence with internationally acknowledged standard
- Promotes new effective procedures and processes

Benefits of ISO 45001 certification to your customers:

- Improved quality and of services
- Established trust and credibility
- Reduced complaints
- Reassures customers who take an active interest in environmental performance that they are working with a company which promotes a shared environmental ethics

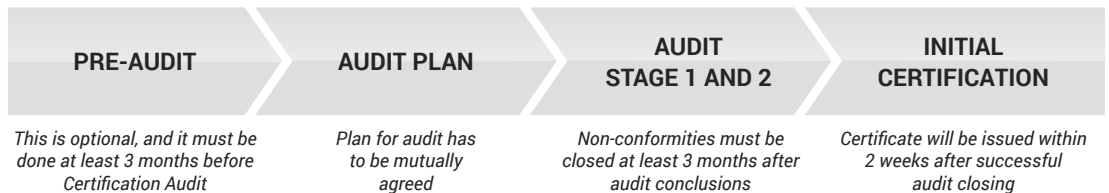

PECB is a certification body for persons, management systems, and products on a wide range of international standards.
